THE Dingley law will be a decade old this year. It has made good as the most wisely planned Tariff legislation the country has ever known. Its "revisers" should take heed lest they prove themselves to be bungling destructives.

LESLIE M. SHAW, Secretary of the Treasury, who will retire from the Cabinet of President ROOSEVELT on Monday, March 4th, is to become the President of the newly organized Carnegie Trust Company, of New York City, at a salary of \$50,000.

OLD Mason county has come nobly to the front and subscribed the sum of \$271—one-half the amount assessed to Mason county—to the Jamestown Exposition fund. The Fiscal Court is to be commended for its promptness and for its patriotism, as the object of the fund is to exploit Kentucky's early history and to boom our magnificent resources.

RECENTLY at a meeting of the Woman's Rights Society at Memphis, it was brought out that, according to the census of 1900, there were six hundred thousand more white women than negro women in the South, and that if the white women in the South were given an opportunity to vote, the question of the race problem would be settled through the ballot. And the next day it snowed! It would, indeed be an edifying spectacle to behold our noble Southern womanhood "mixing it up" at the polls with a million negro women.

"MR. DULEY," of The Flemingsburg Times-Democrat has been editin' for the past 28 years, and as he grows older and balder he grows more efficient in his newspaper work. Long life to him. In looks, Bre'r DULEY is a second edition of HORACE GREELY.

THE state of Ohio is having the same trouble with her insane asylums that Kentucky has had. The inhuman keepers and officials are maltreating and murdering the inmates and the investigation just closed at Columbus discloses a state of affairs revolting and almost beyond belief. Governor HARRIS has been appealed to to put a stop to the barbarities.

THE hearing on the bill to remove the tax from leaf tobacco has been put to sleep by Senator ALDRICH absenting himself from the sittings of the committee. This kills the measure for this session. Senator ALDRICH is the father-in-law of JOHN D. ROCKEFELLER, Jr., and you can figure it out to suit yourself how close the Tobacco Trust and Oil Trust are identified.

FIVE thousand veterans of the late war with Spain have tendered their services to the President in case of war with Japan. Talk is cheap, but it is just as well to remember that one Jap is equal to about half a dozen of the Spanish galoots "we fit" in 1898—9; and that one first-class Japanese battleship could probably whip the entire Spanish navy. If we fight Japan it is going to be a scrap that will give us all we can do to come out on the winning side, as the little yellow fellows are resourceful and will die before they will either run or surrender. But now is the time of times to let Japan understand that the United States Government is unique, in that it stands first for that definition of American diplomacy, which, not for a single instant, permits or tolerates dictation from a foreign power, in local, state or National affairs.

The new building of the Carnegie Institute, which has been erected by Andrew Carnegie at Pittsburgh at a cost of \$6,000,000, will be dedicated with impressive public ceremonies on Monday, April 11th, and the two following days.

SWEET PEAS OF REMARKABLE SIZE & BEAUTY

That's what you'll raise if you plant the kind of seeds we sell. There's no uncertainty when you plant our seeds; they were all grown last year on vigorous plants. They were produced by the best seed growers in the country, probably in the world, the D. Landreth Seed Co. Plant our

MIXED SWEET PEAS

and you will have a profusion of beautiful, large, fragrant blossoms in a great variety of tints, just about every color there is except yellow. A pure yellow sweet pea has never yet been seen. These choice seeds cost no more than inferior varieties. Why not plant the sure-grow kind?

"It's All Over Now"

I mean the Eighth Annual Tobacco Fair; and whether a success or failure, it is behind us. Now for what is before us. With the advent of the spring months your minds will be occupied, no doubt, with the question of selecting a city home or a good farm. Doubtless some of my readers will wish to sell property. I am now better equipped to serve you than ever before. If you wish to buy I shall be glad to tell you of some very desirable properties I have for sale. If you wish to sell this is the time to list in order to reach the buyers. If you wish to rent property I shall be glad to look after it for you. I have a good brick house of 8 rooms in splendid repair, with bath and other conveniences, located on West Second street, that I will rent to a good tenant on very reasonable terms. I have some excellent farms that I can sell and give possession on or before MARCH 10th of this year. Come to my offices and let me tell you about them.

Yours very truly,

John Duley
Maysville, Ky.

Charles E. Young, a pioneer riverman died at Newport Wednesday.

Mr. Thomas A. Davis will leave in a few days for a month's stay at San Antonio, Tex., where his wife and niece, Miss Mollie T. Edmonds, are spending the winter.

Mr. I. M. Lane has sold the building on the Heiser lot in West Second street to Harding & Simons for \$140, and then Uncle Isaac made something on the deal.

At the meeting of the State Farmers' Institute Wednesday at Shelbyville, Hon. R. K. Hart of Flemingsburg was elected Second Vice President for the ensuing year. Mr. W. A. Byron of Brooksville yesterday made an address on "The Burley Tobacco Movement."

John Ryan, formerly Section Foreman of the C. and O. at Dover, is in trouble at Prestonburg where he holds a similar position on the C. and O. He was shot in the head by Town Marshal James Sizemore Sunday and severely wounded. It is said that Ryan also attempted to shoot County Attorney A. J. May.

BURLEY GROWERS

Plans on Foot to Insure Control of the Crop of 1907

The apparent success which the Society of Equity has attained in controlling the sale of a very large portion of the white burley tobacco crop of 1906 has started a movement for a consolidation of forces with the Kentucky and Ohio Burley Tobacco Growers' Company, which practically has the same objects in view.

The latter organization, as will be remembered, started a movement two years ago to control the sale of burley tobacco in the interest of the tobacco planters.

It failed the first year because it could not obtain the necessary funds in time to finance the deal, and it failed last year owing mainly to the apathy of the planters, who were discouraged by the failure of the first attempt.

Archibald Stewart, of Cincinnati, who was the moving spirit in both these campaigns, and who still retains his position as President of the Kentucky and Ohio Burley Tobacco Growers' Company, an incorporated body, has sent out a circular letter to its stockholders, calling for a meeting at Lexington, next Tuesday, March 5th, for the consideration of matters of importance.

Yesterday Mr. P. W. Wheeler closed a transaction whereby he becomes the owner of the handsome residence, 221 West Second street, formerly owned by Mrs. L. V. Davis. At the same time he sold his Fourth street dwelling to Mr. John Duley.

MRS. W. S. QUAINANCE.

Mrs. W. S. Quainance died at 9:15 last night at her home in Forest avenue, after many years of suffering.

She was in her 78th year and was the daughter of the late Thomas Darnall, one of Fleming county's wealthiest citizens.

She is survived by her aged husband, one daughter, Mrs. L. D. Gordon of Covington and six grandchildren, besides a host of relatives.

Mrs. Quainance would have been married 56 years in June.

The funeral will take place at 10:30 tomorrow morning at her late home in Forest avenue with services by Rev. Felix K. Struve. Interment in Flemingsburg Cemetery.

Miss Ida Squires is visiting in Cincinnati.

COUNTY COURT DAY

Free Ferriage, Free Seed Corn, Free Seed Potatoes

Next Monday, March 4th, County Court Day, there will be free ferriage for our Ohio friends.

The Board of Trade has determined to give out the corn exhibited at the Tobacco Fair in packages of five ears each, and the potatoes, five to the package, for the purpose of furnishing seed to those persons who wish to improve these two crops.

This will be done at John Duley's office 215 Court street, beginning at 10 o'clock Monday morning, March 4th.

No one need apply before that time, and no one will be entitled to more than one package each of corn and potatoes.

Do not come before 10 o'clock, as the distribution will not be made until that hour.

The packages will be given out in the order in which applications are made and if you wish to get a good start for seed corn and potatoes, you should not overlook this opportunity.

THE BOARD OF TRADE
by JOHN DULEY, President.

MISS ADELAIDE NICHOLS

that period of its terrors. Women who are troubled with painful or irregular functions should take immediate action to ward off the serious consequences and be restored to health and strength by taking

Lydia E. Pinkham's Vegetable Compound

Miss Adelaide Nichols of 324 West 22nd Street, New York City, writes:—Dear Mrs. Pinkham:—If women who suffer would only rely upon Lydia E. Pinkham's Vegetable Compound their troubles would be quickly alleviated. I feel greatly indebted for the relief and health which has been brought to me by your inestimable remedy."

Lydia E. Pinkham's Vegetable Compound cures Female Complaints such as Pains and Displacements, and Organic Diseases, Headache, General Debility, Indigestion, and invigorates the whole feminine system. For the derangements of the Kidneys of either sex Lydia E. Pinkham's Vegetable Compound is excellent.

Mrs. Pinkham's Standing Invitation to Women

Women suffering from any form of female weakness are invited to write Mrs. Pinkham, at Lynn, Mass. From the symptoms given, the trouble may be located and the quickest and surest way of recovery advised.

PERIODS OF PAIN

While no woman is entirely free from periodic suffering, it does not seem to be the plan of nature that women should suffer so severely. Irregularities and pain are positive evidence that something is wrong which should be set right or it will lead to serious derangement of the feminine organism.

Thousands of women, have found relief from all periodic suffering by taking Lydia E. Pinkham's Vegetable Compound, which is made from native roots and herbs, as it is the most thorough female regulator known to medical science.

It cures the condition which causes so much discomfort and robs that period of its terrors. Women who are troubled with painful or irregular functions should take immediate action to ward off the serious consequences and be restored to health and strength by taking
